## Biography

---

Louis De Ernsted is a Director of Photography, who has worked all over the world.

His most recent feature films are "La Nouvelle France", a Canadian, British and French co-production that will be released in English this fall and "Aurore" the Infant Martyr, a Cinemaginaire Production that arrives in cinemas on Friday, July 8th.

Louis' career has spanned 30 years. He was one of the first LA-trained steadicam operators in Canada and was, also, a member of the first IMAX movie team.

He has several hundred hours of Television Drama to his credit, and has won four Geminis.

This year, Louis was nominated for a Genie and a Jutra for his outstanding work on "La Nouvelle France".

A life-long passion for sailing, and the ocean has brought Louis out west on a permanent basis.

He is looking forward to contributing to the west coast film scene and working with members of it's renowned film community.

Louis is a member, in good standing, of IATSE locals 667 and 669.
